Principal's Message

It's 2020! We hope all our students and families had a very relaxing winter break, have eased into the new year and new decade, and are well on their way to making their New Year's resolutions a reality.

If you haven't set a New Year's resolution, I encourage all students and families to consider a resolution that builds towards academic growth and social/emotional happiness.

January always flies by quickly. Our K-7 onsite lessons continue to be in full swing and many of our older students are working on completing courses as we approach the mid-way mark of the school year. January 27th marks the start of the second semester for our grade 10-12 students.

January has already brought us snow. The district is updating parents and students on whether or not schools are open or closed through the school district website and district messaging applications. Local radio stations also announce if schools are closed due to inclement weather.

Thanks to our students, parents and staff for making the first half of this school year so successful and memorable.

Sincerely,
Patrick Young

Scent, Citrus & Nut Aware

Due to staff and student allergies, Island ConnectEd is a **Citrus, Scent, and Nut Aware** Site. Please help keep our learning environment safe for all by keeping our site free of these items!

PAC Sponsored: Family Ice Skating

Our PAC is continuing to sponsor weekly Family Ice Skating at NIC #1 from 1:30 PM to 3:00 PM every Tuesday from November 5th to February 18th. Skate and helmet rentals are covered by our ICE PAC; students may also bring their own. This is a family event; non-registered siblings as well as parents/caregivers are welcome to participate.

For safety and liability reasons, students must wear a helmet and be accompanied/supervised by parents/guardians at all times; no drop offs.

School Closures Due To Weather

If schools are closed due to snow, or any other weather-related problems, announcements will be on local radio stations (WOLF 106.9 FM and WAVE 102.3 FM) by 7 a.m. on the day of the closure. Please do not call the radio station – tune in and listen for the announcements, which are made on a regular basis. In addition, the district will post the information on the district's website, the district's phone app, and through the district's messaging system.
